

## **Screw it!**

To get down to nuts and bolts,  
To get down to brass tacks  
And strike while the iron is hot  
And hit the nail on the head  
And hit it on the screws,  
I've got to admit I have a screw loose.

I'm always screwing around  
And I often just screw up.  
I should take another turn of the screw  
And screw my courage up,  
Shake the rust off and put the screws on  
And show my true mettle.
